-							
on 23 July 1951, Soviet Lotor Transport Unit was located in a special 50X1-HUM section of the nationalized LOWA vehicle and machinery building plant in Vetschau (N 52/A 37). The unit had about 500 officers and EM and was equipped with 80 trucks and 7 sedans. All troops observed were a noter transport insignia. The production engineer of the plant stated that the unit had not been engaged in noter transport operations recently.							
				* Convent. The LOWA plant is known to house a tank repair shop. The preparation of low wooden buildings in the plant area for quartering troops was reported on 20 Larch 1951. The present report therefore gains in probability, although the vehicle are mentioned for the first time. 50X1-HUM
